Description			
As a user I can upload package_environments via the pulp-admin CLI and the API.			
From the code of 2.7-dev branch, there're models, appropriate code in upload and also in yum distributor for handle the PackageEnvironment, but type itself missing in https://github.com/pulp/pulp_rpm/blob/2.7-dev/plugins/pulp_rpm/plugins/importers/yum/upload.py#L83			
And it's not tested.			
Confirmed by ipanova

History

#1 - 05/27/2015 12:49 PM - jluza

- Private changed from No to Yes

From RCM perspective we can handle fix ourself, but we definitely want extra tests for package_environment - this is most important of whole this issues.

I'd like to start work on this once the description will be extended.

#15 - 04/01/2016 10:46 PM - bmbouter

- Tracker changed from Issue to Story

- Subject changed from Pulp doesn't allow upload of package_environment, drpm, or distribution types to As a user, I can use pulp-admin to upload of package_environment

- Description updated

- Groomed set to No

- Sprint Candidate set to Yes

With input from some users who will heavily use this I'm moving the distributions and drpms to be their own story and this story will just be to add upload and CLI support for package_environments. This will defer the drpm and distribution upload API and pulp-admin to a future sprint.
