

RPM Support - Refactor #119

Rename the ISO plugins to be "File" plugins

01/21/2015 08:58 PM - rbarlow

Status:	CLOSED - WONTFIX	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0:00 hour
Sprint/Milestone:		Tags:	Pulp 2
Platform Release:		Sprint:	
Groomed:	No	Quarter:	
Sprint Candidate:	No		
Description			
Since the ISO plugins don't do anything that is specific to ISOs, we should rebrand them to be "File" plugins. We should document the PULP_MANIFEST format too, while we're at it, as it may be useful for people who want to integrate with these plugins when they are branded more generically.
