Platform Release:		Sprint:	
Groomed:	No	Quarter:	
Sprint Candidate:	No		

Description

As part of Software Pipeline project in Red Hat, we would like to use Pulp as repository for various upstream packages.

AFAIK Pulp is unable to host those native formats. So we are forced to use another solution. Likely Sonatype Nexus. It would be nice if you can support those formats in close future, so we can use Pulp only.

This is tracking story for repository of Perl CPAN modules.

History

#1 - 04/12/2019 09:23 PM - bmbouter

- Status changed from NEW to CLOSED - WONTFIX

#2 - 04/12/2019 09:31 PM - bmbouter

Pulp 2 is approaching maintenance mode, and this Pulp 2 ticket is not being actively worked on. As such, it is being closed as WONTFIX. Pulp 2 is still accepting contributions though, so if you want to contribute a fix for this ticket, please reopen or comment on it. If you don't have permissions to reopen this ticket, or you want to discuss an issue, please reach out via the [developer mailing list](#).
