

RPM Support - Story #1391

As a user, I can distribute the *contents* of an iso

12/01/2015 10:53 PM - semyers

Status: CLOSED - WONTFIX	Start date:
Priority: Low	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0:00 hour
Sprint/Milestone:	Tags: Pulp 2
Platform Release:	Sprint:
Groomed: No	Quarter:
Sprint Candidate: No	
Description	
It would be nice if the iso files in a repo would somehow have their contents exposed within a pulp repo. In addition to making the iso functionality actually useful (and not just a file copier, as mentioned in #119), this would be necessary if we wanted to use pulp to publish kickstart distributions for opensuse/SLES.
