Consider that the task itself did complete, but units it was downloading failed. What happens if just 1 units fails? Is "all units" a special enough case to handle specially?

#2 - 02/26/2016 04:55 PM - mhrivnak

- Status changed from NEW to ASSIGNED
- Assignee set to mhrivnak

#3 - 03/04/2016 04:13 PM - mhrivnak

- Status changed from ASSIGNED to NEW
- Assignee deleted (mhrivnak)

The consensus is to continue with the established convention that a download failure does not mark the whole task as failed. We should re-visit task statuses as they pertain to the work done in the task in pulp 3.
