

Pulp - Task #2036

determine how to re-enable RHEL 5 unit test runner

06/27/2016 03:51 PM - dkliban@redhat.com

Status:	CLOSED - WONTFIX	Start date:	
Priority:	High	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0:00 hour
Sprint/Milestone:		Tags:	Pulp 2
Platform Release:		Sprint:	
Groomed:	No	Quarter:	
Sprint Candidate:	Yes		
Description			
<p>The PR builder for RHEL 5 has been disabled because some dependencies could not be installed on RHEL 5. m2crypto is an important dependency that is failing to install on RHEL 5.</p> <p>This task is to investigate the installation failures and determine how to resolve them. It is possible that we will not be able to overcome this problem without help from other projects.</p> <p>Best case scenario, we will re-enable our RHEL 5 unit test runner and continue supporting RHEL 5.</p> <p>Another possible outcome is that Pulp drops support for running pulp-agent on RHEL 5 systems.</p>			

History

#1 - 06/27/2016 04:24 PM - dkliban@redhat.com

- Subject changed from *Re-enable RHEL 5 unit test runner* to *determine how to re-enable RHEL 5 unit test runner*
- Description updated

#2 - 06/28/2016 04:40 PM - dkliban@redhat.com

- Tracker changed from *Issue* to *Task*
- Priority changed from *Normal* to *High*

#3 - 06/30/2016 04:43 PM - mhrivnak

- Sprint Candidate changed from *No* to *Yes*

#5 - 07/14/2016 08:43 PM - dkliban@redhat.com

- Status changed from *NEW* to *CLOSED - WONTFIX*

m2crypto is no longer available for RHEL5. We will not re-enable the test runner.

#6 - 07/21/2016 05:24 PM - dkliban@redhat.com

- Status changed from *CLOSED - WONTFIX* to *NEW*

It seems that it is possible to install m2crypto on EL5. However, the version needs to be pinned to not the latest.

#7 - 07/21/2016 05:31 PM - dkliban@redhat.com

- Status changed from *NEW* to *CLOSED - WONTFIX*

#8 - 04/15/2019 10:28 PM - bmbouter

- Tags *Pulp 2* added
