Fix tests for py26/el6

I honestly don't remember our support policy for el6 on 2.10, but I do know that we still run unittests on it for PRs, at which point these assertions make el6 always fail.

I also know that we're supposed to have unittest2 on el6, but rather than dig into that I just want to fix this and move on...

#### History

##### #1 - 08/26/2016 04:54 PM - pcreech

- Priority changed from Normal to High
- Severity changed from 2. Medium to 3. High
- Triaged changed from No to Yes

##### #2 - 01/24/2017 07:36 PM - semyers

- Status changed from NEW to CLOSED - CURRENTRELEASE
- Assignee set to semyers

- *Tags Easy Fix added*

I ninja-fixed this prior to the 2.11 release (see the related commit).

**#3 - 04/15/2019 10:25 PM - bmbouter**

- *Tags Pulp 2 added*
