Thinking about this now, maybe this one does not need to be a task.

If a repo does not have an importer, it cannot be doing a sync/copy/upload, so there is no need to have the resource lock on the repo before adding the importer.

#4 - 11/10/2016 10:41 PM - bmbouter

What about the case where the set_importer is replacing an existing importer? Does that ever happen?

#5 - 12/01/2016 06:17 AM - mhrivnak

I do not think we should support a replace operation. CRUD should be sufficient.

If you try to create a document that already exists, that's an error.

#6 - 05/17/2017 10:26 PM - bmbouter

Is this task needed or would it be addressed by the implementation of [#2402](#)?

#7 - 05/18/2017 05:28 PM - bmbouter

- Status changed from NEW to CLOSED - DUPLICATE

This work will be entirely handled by [#2402](#).

#8 - 05/18/2017 05:29 PM - bmbouter

- Is duplicate of Story #2402: As an API user, a call to update an Importer generates a Task added

#9 - 04/25/2019 06:47 PM - daviddavis

- Sprint/Milestone set to 3.0.0

#10 - 04/26/2019 10:39 PM - bmbouter
