Backwards Incompatible:	No	Sprint:	Sprint 18
Triaged:	Yes		
Groomed:	No		
Description			
<p>The <code>upload_unit</code> method in the Puppet Importer⁰ catches an exception experienced during upload and then returns a generic progress report. As a result the actual exception is never propagated to the user.</p> <p>This problem can be reproduced with the following steps:</p> <pre>pulp-admin puppet repo create --repo-id blah touch blah-blah-1.2.1.tar.gz pulp-admin puppet repo uploads upload -f blah-blah-1.2.1.tar.gz --repo-id blah</pre> <p>[0] https://github.com/pulp/pulp_puppet/blob/2.11-dev/pulp_puppet_plugins/pulp_puppet/plugins/importers/importer.py#L83</p>

Revision 5608e855 - 04/11/2017 08:40 PM - daviddavis

Allow puppet upload errors to propagate

Changing upload errors to PulpCodedExceptions so they can propagate the error message to the user.

closes #2512
