

Pulp - Task #2865

Move Ansible version check back into a pretask

07/04/2017 07:13 PM - amacdona@redhat.com

Status:	CLOSED - WONTFIX	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0:00 hour
Sprint/Milestone:	3.0.0	Tags:	Dev Environment
Platform Release:		Sprint:	
Groomed:	No	Quarter:	
Sprint Candidate:	No		

Description

The code that checks for Ansible version is here:

<https://github.com/pulp/devel/blob/3.0-dev/ansible/roles/common/tasks/main.yml#L1>

Unfortunately, it will have already failed with syntax errors before that code can run. This should be run as a pre-task in the playbook. Bonus points if the same pretask can be used by multiple playbooks.

History

#1 - 07/04/2017 07:15 PM - amacdona@redhat.com

When this works, we will be enforcing Ansible \geq 2.2. We should either bump to 2.3 or change this line:

<https://github.com/pulp/devel/blob/3.0-dev/ansible/roles/common/tasks/main.yml#L36>

`path` is new in 2.3. `dest` is backwards compatible.

#2 - 11/29/2018 01:14 AM - amacdona@redhat.com

- Status changed from NEW to CLOSED - WONTFIX

pulp/devel ansible roles are deprecated in favor of ansible-pulp3. In that repo, min_ansible_version is set in the meta of each role.

#3 - 04/25/2019 06:46 PM - daviddavis

- Sprint/Milestone set to 3.0.0

#4 - 04/26/2019 10:38 PM - bmbouter
