Description
Use the Publication.created instead of Publisher.last_published. The Publisher.last_published may be removed if no longer needed.

- Description updated

#2 - 08/22/2017 10:39 PM - mhrivnak

Great observation. The "last_published" date in Pulp 2 was only needed because we didn't track the publications themselves. It also assumes that the last publication still exists, but that cannot be guaranteed.

#3 - 01/23/2018 04:57 PM - jortel@redhat.com

- Subject changed from Use Publication.created instead of Publisher.last_published. to Use Publication.created instead of Publisher.last_published and RepositoryVersion.created instead of Importer.last_sync.

Use Publication.created instead of Publisher.last_published and RepositoryVersion.created instead of Importer.last_sync. Let's remove the fields

from the Importer and Publisher and stop managing the redundant information.
