

File Support - Issue #3014

Counters for added content are incorrect in case of download failures

09/15/2017 02:39 AM - ttereshc

Status:	NEW	Start date:	
Priority:	High	Due date:	
Assignee:		Estimated time:	0:00 hour
Category:			
Sprint/Milestone:			
Severity:	3. High	Sprint Candidate:	No
Platform Release:		Tags:	
OS:		Sprint:	
Triaged:	Yes	Quarter:	
Groomed:	No		

Description

To reproduce: sync repo which misses some files (3 present, 2 missing):

https://repos.fedorapeople.org/pulp/pulp/fixtures/file-mixed/PULP_MANIFEST

Check progress report (Added content states that 5 files were added).

Maybe total = 5 and done = 3 would make more sense.

```
HTTP 200 OK
```

```
Allow: GET, OPTIONS
```

```
Content-Type: application/json
```

```
Vary: Accept
```

CLOSED - DUPLICATE

History

#1 - 09/15/2017 04:45 PM - ttereshc

- Priority changed from Normal to High

- Severity changed from 2. Medium to 3. High

- Triaged changed from No to Yes

#2 - 09/19/2017 04:18 PM - jortel@redhat.com

The progress report is not a summary report. It only communicates progress. In this case, it reported that it had 5 things to do and it completed 5 which is correct. Done != Succeeded. The progress report only tells the user how far along things are and potentially how long the user should expect to wait.

This should be closed as NOT-A-BUG.
