Triaged:	No	Quarter:	
Description			
<p>I have a rpm consumer group with 37 consumers but is not able to add more consumer-ids.</p> <p>I always get the message "Consumer Group [xys] membership updated" but the group does not contain the new consumer-id.</p> <p>Is there a limit on the number of consumers that can be added to a consumer group?</p> <p>When I tried to use the -vvv option it returns the new list but without containing my consumer id.</p>			

History

#1 - 03/12/2018 04:08 PM - Anonymous

Please disregard, The consumer hosts were already registered from a clone. I had to run pulp-consumer unregister --force and let the registration to run again.

Please close this issue.
