Platform Release:		Complexity:	
Blocks Release:		Verified:	No
Target Release - Python:		Verification Required:	No
Groomed:	Yes	Sprint:	
Sprint Candidate:	No		
Description			
To be included in the schema (autodoc and bindings), we need to create a serializer for sync and publish https://github.com/pulp/pulp_file/blob/master/pulp_file/app/viewsets.py#L32-L52 This serializer should use HyperlinkedRelatedFields to validate that the repository and repository version exist.
