Description

We currently sync roles from the `/api/v1/roles/` endpoint. However, we should instead start syncing repositories and their contents from `/api/v1/repositories/` and `/api/v1/content/` endpoints as the `/api/v1/roles/` endpoint is considered deprecated.

History

#1 - 08/29/2018 05:09 PM - daviddavis

- Tracker changed from Issue to Story
- Description updated
- Sprint/Milestone set to 0.1 Release
- % Done set to 0

#2 - 04/03/2019 03:46 PM - bmbouter

- Status changed from NEW to CLOSED - WONTFIX

Galaxy seems to have moved onto the Collection content type to replace repositories.

#3 - 04/26/2019 10:34 PM - bmbouter
