Description

The UpdateRecord model was originally intended to match up with the createrepo_c API precisely, however, this was not possible due to the field names overlapping with field names used within the base Pulpcore Content models.

Upon completion of https://pulp.plan.io/issues/4206, we should change this back to use the exact names createrepo_c uses for these fields.

Revision 3e89fa57 - 12/19/2018 07:11 PM - daviddavis

Changes for the new field names on Content

Update errata_id and update_type now that id and type have been renamed on Content. Also, fix a couple places that reference _artifacts.
