

RPM Support - Issue #4419

Publish modulemd/productid when generate_sqlite is set to true

02/14/2019 02:48 PM - jazhang

Status:	CLOSED - CURRENTRELEASE	Start date:	
Priority:	Normal	Due date:	
Assignee:		Estimated time:	0:00 hour
Category:		Groomed:	No
Sprint/Milestone:	2.19.0	Sprint Candidate:	No
Severity:	2. Medium	Tags:	Pulp 2
Version:		Sprint:	
Platform Release:	2.19.0	Quarter:	
OS:			
Triaged:	Yes		
Description			
If there's a modulemd file in the repo and if we publish this repo with generate_sqlite=false, the modulemd file will be published correctly. However, if we set this option to true, it won't publish the modulemd file, which causes problems.

Revision 37b4c543 - 02/20/2019 04:51 PM - jazhang

Publish modulemd/productid when generate_sqlite is set to true

When publish repos, the command createrepo_c could be used but the option --keep-all-metadata for this command doesn't really keep all metadata -- modulemd and product_id file will be thrown away. Now make it keeps these file by running command sqliterepo_c
