

Pulp - Issue #4490

gopherd raises an error when starting and no network is available

02/28/2019 02:45 PM - daviddavis

Status:	CLOSED - NOTABUG	Start date:	
Priority:	Low	Due date:	
Assignee:		Estimated time:	0:00 hour
Category:			
Sprint/Milestone:			
Severity:	2. Medium	Groomed:	No
Version:		Sprint Candidate:	No
Platform Release:		Tags:	Pulp 2
OS:		Sprint:	
Triaged:	No	Quarter:	
Description			
If network is not already online and in case network.service is disabled, the goferd.service will report error in logs:			
<code>katello.agent.goferd.plugin:87 - [Errno -2] Name or service not known</code>			
It's possible to fix this, when the service-unit is changed like:			
<pre>[Unit] Description=Gofer Agent -After=network.target +After=network-online.target +Wants=network-online.target</pre>			

History

#2 - 02/28/2019 02:47 PM - daviddavis

- Description updated

#3 - 03/01/2019 05:19 PM - ttereshc

- Project changed from RPM Support to Pulp

- Status changed from NEW to CLOSED - NOTABUG

Issue is tracked in the BZ https://bugzilla.redhat.com/show_bug.cgi?id=1681182.

Maintainer of gofer project (@jortel) will assign BZ to himself and work on it. The project is not a part of Pulp, so I'm closing this issue.
