

## Pulp - Task #4558

### tag ansible-pulp on every pulpcore package release

03/20/2019 09:49 PM - jsherril@redhat.com

<b>Status:</b>	CLOSED - COMPLETE	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Installer	<b>Estimated time:</b>	0:00 hour
<b>Sprint/Milestone:</b>		<b>Tags:</b>	
<b>Platform Release:</b>		<b>Sprint:</b>	
<b>Groomed:</b>	Yes	<b>Quarter:</b>	
<b>Sprint Candidate:</b>	No		
<b>Description</b>			
Currently ansible-pulp is updated to work with source repositories code, which breaks pypi installs. For now tag ansible-with each pulpcore release. This will provide better support for installing the latest pypi releases.			

#### History

##### #1 - 03/22/2019 01:58 PM - amacdona@redhat.com

- Subject changed from tag ansible-pulp3 on ever core release to tag ansible-pulp on every core release
- Tags Pulp 3 added

##### #2 - 03/22/2019 03:37 PM - dkliban@redhat.com

- Tracker changed from Issue to Task
- % Done set to 0
- Groomed changed from No to Yes
- Sprint Candidate changed from No to Yes

##### #3 - 03/22/2019 03:38 PM - bmbouter

- Description updated

Having the Travis pipeline that publishes pulpcore-plugin do the tag pushing would be an automated way to do this.

Would it be for pulpcore-plugin or pulpcore?

##### #4 - 03/28/2019 02:58 PM - rochacbruno

An example of what QE uses to install previous version.

What will help is having the same tag across all the repos.

<https://gist.github.com/rochacbruno/2401cb7f5950757513529334cac4fd24>

##### #5 - 03/28/2019 08:54 PM - bmbouter

We could update the CI (Travis currently) to checkout the HEAD of ansible-pulp, test with it, and then push a tag of the same tag name as the thing being built. This would cause tags of both repos to show up on ansible-pulp, but they both release separately, and use ansible-pulp so I think this is expected.

So in the future we would have both tags like [this](#) and like [this](#) as the tags for [ansible-pulp](#)

What do you think?

**#6 - 03/28/2019 09:09 PM - bmbouter**

- Subject changed from tag ansible-pulp on every core release to tag ansible-pulp on every pulpcore and pulpcore-plugin package release
- Description updated

Updating description to match

**#7 - 04/01/2019 10:58 PM - daviddavis**

- Subject changed from tag ansible-pulp on every pulpcore and pulpcore-plugin package release to tag ansible-pulp on every pulpcore package release
- Description updated
- Sprint set to Sprint 51

I think we for now we should just tag on each pulpcore release and have the same version as the pulpcore release.

**#8 - 04/01/2019 11:16 PM - bmbouter**

+1 to that, ty [daviddavis](#)

**#9 - 04/22/2019 02:32 PM - rchan**

- Sprint changed from Sprint 51 to Sprint 52

**#10 - 04/26/2019 10:31 PM - bmbouter**

- Tags deleted (Pulp 3)

**#11 - 05/13/2019 03:06 PM - rchan**

- Sprint changed from Sprint 52 to Sprint 53

**#12 - 06/04/2019 04:48 PM - amacdona@redhat.com**

- Sprint changed from Sprint 53 to Sprint 54

**#13 - 06/21/2019 03:24 PM - ttereshc**

- Sprint deleted (Sprint 54)

**#14 - 06/21/2019 03:27 PM - ttereshc**

- Sprint Candidate changed from Yes to No

**#15 - 06/21/2019 04:50 PM - rchan**

Needs some grooming. Will not move from Sprint 54 to 55 at this time.

**#16 - 05/13/2020 10:28 PM - bmbouter**

- Category set to Installer
- Tags deleted (Pulp 3 installer)

**#17 - 08/31/2020 05:55 PM - daviddavis**

- Status changed from NEW to CLOSED - COMPLETE

We do this now.
