| <b>OS:</b>   |                         |                                |           |
| <b>Triaged:</b>  | Yes                     |                                |           |
| <b>Description</b>   |                         |                                |           |
| Pulp uses revision numbers in repomd.xml to determine if contents need to be updated on sync. However "modifyrepo" does not generate new revision numbers for non rpm data.  |                         |                                |           |
| Steps:   |                         |                                |           |
| 1) Setup the following repo  |                         |                                |           |
| <pre>\$ mkdir /tmp/my-data \$ cd /tmp/my-data \$ wget https://partha.fedorapeople.org/test-repos/rpm-with-productid/elephant-0.3-0.8.noarch.rpm \$ createrepo . \$ echo "100000" &gt;&gt; productid \$ modifyrepo --mdtype=productid productid repodata \$ grep revision repodata/repomd.xml &lt;revision&gt;1554217257&lt;/revision&gt;</pre> |                         |                                |           |
| 2) Sync this repo  |                         |                                |           |
| 3) Now update the repo   |                         |                                |           |
| <pre>\$ cd /tmp/my-data \$ echo "100001" &gt;&gt; productid \$ modifyrepo --mdtype=productid productid repodata \$ grep revision repodata/repomd.xml &lt;revision&gt;1554217257&lt;/revision&gt;</pre>   |                         |                                |           |
| Notice that the revision number did not change even though a metadata file got updated. Try resyncing this change and notice that the productid change will get ignored.   |                         |                                |           |

#### Associated revisions

##### Revision d9db7737 - 05/01/2019 08:14 PM - ttereshc

Perform sync even on metadata change only

Some metadata changes don't bump revision number, so a sync used to be no-op in such cases. Now checksum of repomd.xml is also taken into account.

closes #4627 <https://pulp.plan.io/issues/4627>

##### Revision 2cb37ba8 - 05/16/2019 08:01 PM - ttereshc

Perform sync even on metadata change only

Some metadata changes don't bump revision number, so a sync used to be no-op in such cases. Now checksum of repomd.xml is also taken into

account.

closes #4627 <https://pulp.plan.io/issues/4627>
