## History

### #1 - 05/17/2019 12:14 PM - ipanova@redhat.com

- Description updated

### #2 - 05/17/2019 12:15 PM - ipanova@redhat.com

- Related to Issue #4837: Prevent users from creating repo version distributions without repo and without repo versions added

### #3 - 05/17/2019 05:00 PM - daviddavis

- Status changed from NEW to CLOSED - WONTFIX

We decided that we'll allow users to create distributions without distributing anything. This could be to reserve a path namespace, take a publication offline quickly without having to delete the distribution, etc

### #4 - 05/24/2019 05:14 PM - daviddavis

- Related to Issue #4867: rpm distribution not deleted when deleting a repo with pulp3 added
