Description	
To reproduce:	
1. build a collection to upload. I use the default one from mazer "here":	
2. Upload it once. I use: http --form POST :24817/ansible/collections/ file@greetings_namespace-hello-11.11.11.tar.gz. Observe that works.	
3. Upload it a second time and observe that you get a 500 error
