

Pulp - Task #595

pulp-celery has a long, redundant require statement

02/28/2015 11:41 PM - bmbouter

Status:	CLOSED - WONTFIX	Start date:

Sprint/Milestone:		Tags:	Pulp 2, SELinux
Platform Release:		Sprint:	
Groomed:	No	Quarter:	
Sprint Candidate:	No		

Description

The pulp-celery policy has a lot of unnecessary statements in the require section [0]. These should be removed and tested on the platforms.

I believe only pulp_cert_t and puppet_etc_t are required. Even those may not be required with gen_tunable statements.
