#### Description

Currently how you upgrade is documented in the upgrade and pulp\_upgrade booleans documented on ansible-pulp here: <https://github.com/pulp/ansible-pulp>

The issue is that there isn't any guidance on upgrading Pulp in the pulp docs itself. We should write some!

Note: some content from the 3.0.1 release announcement could be reused for this: [https://hackmd.io/MJ9xsAUQT5OP\\_w6kbZGNKg](https://hackmd.io/MJ9xsAUQT5OP_w6kbZGNKg)
