OS:			
Triaged:	Yes		

Description

A quick glance through the repo shows some tasks that can be easily fixed to support RHEL8 in addition to CentOS 8:
https://github.com/pulp/pulp_installer/blob/master/roles/pulp_devel/templates/venv.bashrc.j2
https://github.com/pulp/pulp_installer/search?q=CentOS+path%3Aroles&unscoped_q=CentOS+path%3Aroles

[RHEL7 is an issue as well, but would be more difficult.](#)
