

Ansible Plugin - Issue #7632

CollectionVersion.contents are not being synced

09/30/2020 06:54 PM - fao89

Status:	CLOSED - CURRENTRELEASE	Start date:	
Priority:	Normal	Due date:	
Assignee:		Estimated time:	0:00 hour
Category:		Sprint Candidate:	No
Sprint/Milestone:	0.4.1	Tags:	
Severity:	2. Medium	Sprint:	Sprint 82
Platform Release:		Quarter:	
OS:			
Triaged:	No		
Groomed:	No		

Description

At the first sync stage we only provide: name, namespace and version:

https://github.com/pulp/pulp_ansible/blob/master/pulp_ansible/app/tasks/collections.py#L292-L295

We get the other attributes from MANIFEST.json

https://github.com/pulp/pulp_ansible/blob/master/pulp_ansible/app/tasks/collections.py#L486-L510

```
> /home/vagrant/devel/pulp_ansible/pulp_ansible/app/tasks/collections.py (493)_post_save()
-> file_obj = tar.extractfile("MANIFEST.json")

(Pdb) n

> /home/vagrant/devel/pulp_ansible/pulp_ansible/app/tasks/collections.py (494)_post_save()
-> manifest_data = json.load(file_obj)

(Pdb) n

> /home/vagrant/devel/pulp_ansible/pulp_ansible/app/tasks/collections.py (495)_post_save()
-> info = manifest_data["collection_info"]

(Pdb) n

> /home/vagrant/devel/pulp_ansible/pulp_ansible/app/tasks/collections.py (498)_post_save()
-> tags = info.pop("tags")

(Pdb) info
{'namespace': 'ibm', 'name': 'spectrum_virtualize', 'version': '1.0.12-awc13', 'authors': ['Peng Wang <wangpww@cn.ibm.com>'], 'readme': 'README.md', 'tags': ['storage'], 'description': None, 'license': [], 'license_file': 'LICENSE', 'dependencies': {}, 'repository': 'https://github.com/ansible-collections/ibm.spectrum_virtualize', 'documentation': None, 'homepage': None, 'issues': None}

(Pdb) info.keys()
dict_keys(['namespace', 'name', 'version', 'authors', 'readme', 'tags', 'description', 'license', 'license_file', 'dependencies', 'repository', 'documentation', 'homepage', 'issues'])
```

Even when the endpoint provides it:

https://ci.cloud.redhat.com/api/automation-hub/content/synctest/v3/collections/ibm/spectrum_virtualize/versions/1.0.12-awc10/

```
