Sprint/Milestone: 3.10.0	
Version:	Sprint: Sprint 91
Platform Release:	Quarter:
Tags: Easy Fix	

Description

I tried to run the tests and got some failures due to SHA1 checksums

https://github.com/pulp/pulp_rpm/blob/master/pulp_rpm/tests/functional/api/test_pulp_to_pulp.py#L91

```
E HTTP response body: {"non_field_errors":["Checksum must be one of allowed types: ['sha224', 'sha256', 'sha384', 'sha512']\nYou can adjust these with the 'ALLOWED_CONTENT_CHECKSUMS' setting."]}
```

Associated revisions

Revision 89ceabeb - 03/04/2021 10:35 PM - ggaaney

Taught test_pulp_to_pulp to not rely on SHA1.

fixes #8301
