<b>Description</b>			
The enqueue_with_reservation interface was removed with <a href="#">ticket 8496</a> . This ticket is to actually remove enqueue_with_reservation from the plugin API.			
Additionally, remove the conditional code that is in the OperationPostponedResponse call.			
Note, the enqueue_with_reservation code itself is used underneath dispatch so just remove it from the plugin API, not the enqueue_with_reservation code itself.
