

Container Support - Task #9143

Add section for settings recommendations

07/26/2021 06:32 PM - ipanova@redhat.com

Status:	NEW	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0:00 hour
Sprint/Milestone:		Tags:	Documentation
Platform Release:		Sprint:	
Groomed:	No	Quarter:	Q4-2021
Sprint Candidate:	No		

Description

Add a section that would have settings recommendations for :

- client_max_body_size, the default is 1m, it can/should be adjusted for a more performant podman push
- gunicorn timeout can/should be increased to mitigate 504 error during a lot of simultaneous podman push which would lead to i/o saturation.

History

#1 - 07/26/2021 06:32 PM - ipanova@redhat.com

- Project changed from Pulp to Container Support

- Subject changed from Add section fot settings recommendations to Add section for settings recommendations
