**Description**

Background here: [https://github.com/pulp/pulpcore/pull/1301#discussion\\_r680329425](https://github.com/pulp/pulpcore/pull/1301#discussion_r680329425)

pulp\_installer currently creates the db key when setting up the pulp-api service:

[https://github.com/pulp/pulp\\_installer/blob/cd93e99687684056412ae75807a5185af59ced9/roles/pulp\\_api/tasks/main.yml#L76-L78](https://github.com/pulp/pulp_installer/blob/cd93e99687684056412ae75807a5185af59ced9/roles/pulp_api/tasks/main.yml#L76-L78)

It needs to happen before we migrate though.
