Description

This was backported to 3.7.z but not 3.9.z and pulp-rpm 3.11.2 (which declares support for 3.9), does not work without this change:

```
pulp [f7c75e4f197542d983138f38256f5fb0]: rq.worker:ERROR: Traceback (most recent call last):

History

#1 - 09/24/2021 03:54 PM - jsherril@redhat.com

- Copied from Backport #9227: Backport #8133 "Same package from different repos yields error on sync" to 3.7.z added

#2 - 09/24/2021 03:54 PM - jsherril@redhat.com

- Assignee deleted (ttereshc)

- % Done changed from 100 to 0

#3 - 09/24/2021 03:54 PM - jsherril@redhat.com

- Related to Issue #8133: Same package from different repos yields error on sync added

#4 - 09/29/2021 05:31 PM - jsherril@redhat.com

we've patched this on our rpm build of 3.9, so its not as big of a deal for us

#5 - 11/30/2021 05:01 PM - bmbouter

- Status changed from NEW to ASSIGNED

- Assignee set to bmbouter

#6 - 11/30/2021 05:43 PM - bmbouter

- Status changed from ASSIGNED to NEW

- Assignee deleted (bmbouter)

This backport has one large conflict which contains several differences between 3.9 and 3.15. The backport would be more or less a custom patch. I'm not confident I can get this right so I'm reassigning back to new.

#7 - 11/30/2021 05:50 PM - jsherril@redhat.com

As i mentioned here https://pulp.plan.io/issues/9446#note-4 we've solved this ourselves via rpm patches, so an official release of 3.9 with this fixed isn't needed anymore

#8 - 11/30/2021 05:52 PM - bmbouter

- Status changed from NEW to CLOSED - WONTFIX

Thanks @jsherrill. Since the requestor resolved this in their RPMs, I'm closing as WONTFIX.
